

# Using Your GiveLater Form

Last Modified on 05/20/2022 10:16 am PDT

The Give Later form can be used to trigger fulfillment text messages and fill the fundraising thermometer at events. You can access the form from your Text to Donate form by clicking GiveLater in the left menu.

Enter Offline Donation

Social Media Settings

You can also get to any Give Later forms associated with any donation form by clicking on Fundraising > Give Later.

## Give Later

Keyword	Campaign	Actions
BigBalloon	A Toast to the Future	
BALLOONTIME	A Toast to the Future	
BALLOONS99	MobileCause Fundamentals	

## Setup GiveLater

### A Good Cause

#### Enter Offline Donation

*By pledging you agree to the [terms and conditions](#) for messaging and mobile giving. Text **HELP** to 41444 for help or **STOP** to 41444 to cancel. Standard msg&data rates may apply.*

1. Customize the form with logo, header, and message.
  - *The logo carries over from your donation page*
2. Select included fields, orientation, background and text color.
3. Click Save.

First & Last Name   Amount

**Orientation**

Horizontal   Vertical   Slimline

**Background**

Grey   White   Transparent

**Text Color**

Black   White

**Embed Code**

```
<a href="//www.mobilecause.com/feature/pledging-widget" data-mc-widget-id="pzmzsh">Mobile messaging powered by Mobilecause</a><script>function(d){var s=d.createElement("script"),h=(d.head||d.getElementsByTagName('head')[0]);s.src="//widgets.mobilecause.com/public/pledging_widgets/pzmzsh/source";h.appendChild(s);}(</script>
```

Save

Paste the embed code directly into the HTML on a page on your website.

The screenshot shows the WordPress 'Add New Page' editor interface. On the left is a dark sidebar with navigation options: Dashboard, Posts, Media, Links, Pages (highlighted), All Pages, Add New, Comments, Appearance, Plugins, Users, Tools, and Settings. The main content area is titled 'Add New Page' and contains a text box with the text 'Give Later'. Below the text box is a toolbar with an 'Add Media' button, 'Visual' and 'Text' tabs, and various text formatting options (b, i, link, b-quote, del, ins, img, ul, ol, li, code, more) and a 'close tags' button. The 'Text' tab is active, showing the following HTML code:

```
<a href="//www.mobilecause.com/feature/pledging-widget" data-mc-widget-id="bnyjuw">Mobile messaging powered by Mobilecause</a>
<script>!function(d){var s=d.createElement("script"),h=(d.head||d.getElementsByTagName('head')[0]);s.src="//widgets.mobilecause.com/public/pledging_widgets/bnyjuw/source";h.appendChild(s);}(document);</script>
```

If you need help with this step please contact your webmaster or [contact support](#) and request embed support.

After you have inserted the Give Later form embed code, open the web page on a PC, tablet or mobile phone web browser to confirm that your embed worked.
